TELSTAR DRAMA CLUB TO PRESENT "CUSTARD CAPERS" MAY 16 & 17

This is an old-fashioned, pie-in-the-face comedy, with broad, slapstick humor. Young or old you'll eat it up, whether it's those who remember this nostalgic period of the 1930's, or just those who have read about the time when Franklin Delano Roosevelt was president and had fireside chats with an America worried about their own lives and fortunes. Bring along a friend for a hilarious evening of fine entertainment.

The play is scheduled for May 16 and 17 at Telstar Auditorium. Curtain time is 7:30 p. m. each evening. Tickets may be obtained in advance at the main office of Telstar Regional High School or from any Drama Club member.

HISTORICAL SOCIETY LEARNS OF EARLY GARDENS

Nearly 50 members and visitors attended the monthly meeting of the Bethel Historical Society on May 1. Mrs. Mary Tibbetts Freeman read a paper she had prepared on early American gardens with special reference to some Bethel gardens of the past. Mrs. Freeman emphasized that gardening in the south was often done for effect while in New England plants were selected for their usefulness. A film "Flower Arrangement at Colonial Williamsburg" followed Mrs. Freeman's presentation.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

We have been informed a meeting will be held Thursday night, May 15, in the meeting room of the Moses Mason House for anyone interested in forming a Bi-Centennial Committee. It is hoped there will be a good attendance of local citizens.

The Dept. of Transportation has indicated they will send in a team of surveyors to lay out Lover's Lane. We hope to receive an estimate of the cost of construction in order that we may make plans as to when we could start the project. We will also make a request for special funds to supplement the State Aid Funds.

The Water District has not heard if or when they will receive the requested rate increase. They expected to know this summer.

Recently the town purchased a street sweeper from a local contractor who has been using it in town the last two years. Although the machine is old we expect to provide better clean up of streets that have not received much attention in the past. Also we can discontinue the use of the 1946 truck and homemade sweeper we have used for many years.

BETHEL SENIOR CITIZENS TO CELEBRATE 13th ANNIVERSARY TUESDAY

Bethel Senior Citizens will be celebrating their 13th anniversary with luncheon and meeting at the Sunday River Inn on Wednesday, May 14. Speakers at the afternoon program will be Mrs. Phyllis Dock and Mrs. Floribel Haines. Mrs. Leona Flint is making the anniversary cake. The cost to each member is \$1.75 with no collection.

This clearly illustrated how to achieve the best results in flower arrangement in the buildings at colonial Williamsburg and provided a conception of gardening for effect.

There will be a meeting of all citizens of Bethel interested in formulating plans for the Bi-Centennial in the meeting room of the Dr. Moses Mason House at 7:30 p. m. on May 15.

S.A.D. 44 DIRECTORS APPROVE BUS PURCHASE MONDAY

At their regular meeting on Monday evening of this week in the auditorium at Telstar Regional High School, the M. S. A. D. #44 board of directors approved the purchase of two 20-passenger school buses from Carter Equipment Co. The cost of the two international vehicles totals \$18,152.50.

The directors denied a request of the Telstar Junior High Student Council regarding a trip to the sea coast for junior high students at Telstar Regional High School.

A note to the Casco Bank & Trust Co. in the amount of \$85,000 at 4.5% annual interest for operating purposes was approved by the board.

Supt. Basil Kinney presented a request of the Upton School Committee considering the possibility that students from Upton be accepted as tuition students in S. A. D. 44 in the 1975-76 school year. The S. A. D. 44 board tabled any action on the request until the May 19 meeting.

The board directed Mr. Kinney to prepare a warrant for a School District Budget Meeting for board action at the May 19 meeting. The superintendent is also to prepare recommendations for any changes in the proposed budget as may be dictated as a result of action by the State Legislature. The current deadline for voter action on the FY 76 budget is May 31.

Preceding the meeting, Michael O'Donnell was sworn in as a new director from Bethel. Mr. O'Donnell was named by the Bethel selectmen, to succeed the late Clarence Remington. His term will expire next March.

All board members were present at the Monday session.

The next regular meeting of the board will be held in the Telstar Auditorium on Monday evening, May 19.

SUMMER PROGRAMS OF NTL INSTITUTE SCHEDULED FOR JUNE 7 THRU AUG. 22

NTL Institute's summer programs in Bethel will take place this year between June 7 and Aug. 22. It is announced by Vladimir A. Dupre, President of the organization. Programs will be held at Gould Academy, the NTL Conference Center and, on a limited basis, at the Sunday River Inn.

Dr. Dupre also states that while the Conference Center has been put up for sale, this is a step that he feels is necessary to protect NTL in this time of economic uncertainty. NTL has embarked on a major contributions campaign and other efforts to deal with the effects of the recession; if these are successful, it may be possible for NTL to continue to absorb the financial drain of the Conference Center and use it to greater benefit in the future. In any case, even if sold, NTL hopes to continue using the facility in the summers, but it is hoped that any new owner, after major capital improvements, would also be able to use it for the other nine months of the year.

NTL will continue its policy of offering full tuition scholarships to residents of Bethel and the surrounding area who wish to attend the basic summer programs. Only the registration fee is payable, and applicants will be on a "standby" basis until a few days before each session, with final enrollment contingent upon space being available. This summer these two-week sessions are scheduled to start on the following Mondays: June 16, June 30, July 14, July 28, and August 11.

The Children's and Teens' Programs will again be offered by NTL from July 14 to Aug. 8, and local residents are invited to enroll at special reduced rates.

Interested applicants from the Bethel area may obtain applications for any of these programs at the NTL Office in Bingham Gym, which will open for the summer on June 6, 1975.

MUNDT-ALLEN POST TO MEET TUESDAY EVENING

The Mundt-Allen Post, American Legion, will meet Tuesday evening, May 13, at 8 o'clock in the Legion Hall on Vernon Street. Nomination of officers will take place and plans will be made for the decorating of graves. Commander Bouchard urges all members to attend.

NOTICE

All registrations for summer baseball must be in to Virginia Brown by May 19, 1975.

BETHEL TO HAVE FOURTH OF JULY FIREWORKS DISPLAY

The Bethel Fire Department, Rotary Club, Chamber of Commerce and Bethel Inn are jointly planning a July 4th celebration to be held on the Bethel Inn Golf Course. The display will be open to the general public and it is hoped that the event will become a yearly event in Bethel. John B. Head, incoming president of the Bethel Rotary Club for 1975-76, was quoted as saying that he was happy to be able to participate in a community service project such as this especially in light of the upcoming bicentennial celebration next year.

Harold Carver, Fire Chief, and his men will be responsible for setting off the display as well as crowd control. He said the show will start at approximately 9 p. m.

While Bethel has not had a 4th of July celebration in a number of years, the participating groups felt that in addition to Mollycoddle Day and Winter Carnival this was another way to show that Bethel is a community to be proud to live and work in.

CONCERT AT TELSTAR TONIGHT (THURSDAY)

This Thursday, May 8, the entire District 44 music program will present their spring concert. Performing groups will be different than usual this year. They will include 5th and 6th grade beginners band, second year instrumental student band, Jr. High Band, Sr. High Band, Woodwind Ensembles and Stage Band, all under the direction of Glenn Bangs. This concert will be recorded by Century Records and orders for records will be taken.

Also, an art exhibit will be on display that evening with Jr. and Sr. High work.

The art exhibit will start at 7 p. m. in the Telstar art room and halls, and the concert will start at 7:30 in the auditorium.

The chorus and choir of the district will present their concert next Thursday, May 15.

B.E.A.R.S. TAG DAYS THIS WEEK END

This week end volunteers will be accepting donations for the Bethel Emergency Ambulance and Rescue Service, so on Thursday, Friday and Saturday, citizens are reminded to look for the Junior Girl Scout or volunteer adult selling the little white tags. Please give generously.

Greenwood City — Newry

— Mrs. Colista Morgan, Corres. —

The pussy willows have lost their silvery grays, the osier shows its intense red and the long golden twigs of the willows are swaying; signs of things to come.

"Tiny furls of green on maples, Crocus winking through the frost, Bring a dream of youth's unfolding, Something gained— and something lost."

Ina Ladd Brown
The morning sun turns the hills golden. I notice the tops of maples are red while beyond are delicate grays, greens and shades of rose. The buds of the trees are beginning to swell.

The osprey has returned and was peacefully gliding in circles over the pond one morning. I didn't see him making any dives in the sudden way that he sometimes does, sending sparkling jets into the sunshine, then emerge clutching a fish in his strong talons. His food consists principally of fish. He got none. I should have thought of that when I had a desire, to go that afternoon. I fished along the shore, enjoyed the scenery, but caught no fish either.

A few ducks floated on the water so clear that they seemed to be suspended in thin air. The afternoon sunlight fell like a slanting shower most of the time. Once I watched a cloud drift across the sun and for a moment all the luminosity faded.

A single scarf of breeze rippled down the pond.
A lonely raven was flying, big and black, above the trees toward Noyes Mountain straightening away beyond the ridges, riding the breeze northward.

A male blackbird, swaying on a low bush, viewed with ecstasy his little principal. He arched his black wings showing the crimson epaulets on his shoulders, and warbled his joy with a long drawn "Konkere-e-e-e."

For some time I just lingered and fished. The little rills tinkled, the fantastic rocks rose here and there from the water's surface, and Buttonbush Island huddled in deeper water than usual.

After about an hour, which was enough for the first fishing trip, I went home. Out from a pair of wood-ducks glided along. What a picture they made, as, intent on one another, they swam close together, she in modest hues, he, glowing and resplendent; his plumes flashing with metallic luster wherever the sun's rays hit upon him. I watched until they vanished down the shore line, he pursuing; liveliest of all waterfowl.

I took a turn through my garden where roots stir in the earth coming to life in that darkness where they "keep house alone."

Week of April 28-May 2

Despite the amount of attention and publicity given the budgetary problems in Augusta, legislative life goes on, and the past week was a full one for Emily.

Welcome Back Day was held on April 30 for former members of the legislature and among those attending were Louise Lincoln, and J. Jay Willard of Bethel. Highlights of the day included a surprise appearance by Gov. Longley, a luncheon catered by SMVTI students, and an evening dance at the holiday Inn. Wednesday was a very hectic day as Emily tried to juggle the important Human Resources hearings on various Indian bills with the presenting of the Historical Society tax exemption bill before the Taxation Committee. The latter was one of a number of bills concerning sales tax exemptions heard at one hearing, and was delayed by long-winded speakers from other organizations. It received a 7 to 6 "ought-to-pass" report from committee. The bill has had its first reading in the House, and been postponed one legislative day on second reading.

Rep. Saunders' bill regarding the licensing fees for hospitals, nursing and boarding homes was heard on May 1, with no opponents speaking, and would appear to be in good shape. Emily's third bill, concerning the status of women will be heard next week.

Telstar has been invited to provide two students to act as couriers in the House on May 6 and 7 as part of a program described in this column recently.

Legislators traveled by bus to Portland on April 28 to attend the travel show. Emily ran into Bev Gasser of the Bethel Inn and Steve Wight of the Sunday River Inn, as well as Mr. and Mrs. Kennett, who have a campground at South Arm.

The state Insect bill is still alive. The movement to elevate the Honeybee to this position was begun by a group of grade school children, who recently provided legislators with a handout describing reasons for the bill. Here are some: 1. It has great economic value. 100,000 kinds of plants are pollinated by the Honeybees. 2. It is a thing of beauty. 3. They have qualities that would be good for man to copy. (Industrious, sociable, all weather friend, gives life for the survival and betterment of its species.) It is a Maine resident year round, not a migrating tourist insect. The case for the Honeybee is not without opposition, as Rep.

were Bobbi-Lynn Littlehale, Debbie Bodwell, Donna Dorey, Paula Michaud, Lisa MacKenney, Tracey Weston and Patti-Ann Jaros. Games were enjoyed and lovely refreshments served.

One neighbor was quite startled and amused to see a streaker running out the old gravel pit road.

Joyce Lewis countered with a handout entitled, "Insect Stings-Danger Season Opens", an interview with an allergist.

Several local people have indicated to Emily that they are available to give advice on sewerage disposal. George Noll of Bethel, is able to advise on sewerage and septic tank analysis and Helen and John Kallis of Songo Pond, recently attended the Super Toilet Fair in Augusta where disposal systems available to cottage owners were shown.

BOTTLE UPDATE: Rep. McKernan advised Emily that the Bottle Bill will probably come before the House during the second week in May. Joyce Hathaway of Locke Mills, contacted Cathy Newell last week to clarify the role of the Maine State Grocers Association in the campaign against the returnable bottle bill. The Association has lent its name for use in the campaign, such as in TV ads, but does not provide the funds. The money comes from a combination of sources opposed to the bill.

BETHEL DEMOCRATS MET SUNDAY EVENING, MAY 4

Bethel Democrats met on Sunday evening, May 4, for a committee meeting at the home of Paul McGuire, town chairman. A schedule of "Second Sunday" programs for the coming year was outlined. This innovative discussion program will continue to provide Bethel and surrounding towns with speakers on a wide range of vital topics. The next program in the series will be held on June 8, as this month's second Sunday falls on Mother's Day. The Committee unanimously resolved to extend its felicitations to all Mothers on their day. Attorney-General Joseph Brennan will be the featured speaker on June 8 in the area of law enforcement, the revisions of the Maine Criminal Code, and the court system.

In addition plans were made for a public supper during the summer, and committee assignments for Mollycoddett Day projects were made. The next Democratic committee meeting will be held on June 15.

On Monday, May 5, Paul McGuire and Cathy Newell attended the monthly meeting of the Oxford County Democratic Committee in South Paris. Senator Don O'Leary of Mexico was present to discuss legislative items of interest.

RUMFORD DAY CAMP WILL EXPAND BLACK MT. PROGRAM

The Greater Rumford Community Center Day Camp Committee has made the decision to expand the Black Mountain Day Camp program to include young people from the Bryant Pond, Locke Mills, Bethel and Andover communities. At present plans are to send a bus around the loop of the Bryant Pond, Locke Mills, and Bethel communities for the first and third sessions of camp which are June 23 to July 3rd and July 22 to August 1. The bus will travel to Rumford Point and then turn on to Route 232 to Bryant Pond, and pick up at the post office there. It will proceed along Route 26 and pick up at the Locke Mills Community Church. Then it will continue to Bethel and stop at the Telstar High School and the IGA parking lot, then proceed down Rte. 2 to Rumford. Campers will be picked up at any points along the route requested by parents. In order to provide this program to these areas it will be necessary to have 25 campers pre-registered for a session.

The second session, July 7 to July 18, has been set for campers from the Andover area. The bus will travel up through the notches toward Roxbury Pond and then proceed to Andover Village, down Route 5, and back to Rumford on Route 2. At least 15 campers will have to pre-register from the Andover area to justify the trip. The remainder of the bus load will be picked up as it proceeds through Rumford to the Mountain.

The camp contains several sections. The Junior Camper section is for boys and girls 5 to 7½ years of age. The program includes swimming lessons, arts and crafts, music, group games, nature program, trampolines, storytelling, field trips, skit night, etc.

The regular program for boys and girls 7½ to 13 consists of archery, riflery, swimming lessons and splash, arts and crafts, athletics, field trips, special events, camp crafts, and a sleep out.

The gymnastic class is for girls who have completed the 5th grade through high school. This program is for girls who are interested in working hard to develop their skills in the four basic competitive events: floor exercise, balance beam, uneven parallel bars, and vaulting.

The Camp Committee has been prompted to act because of the interest shown by a few young people from these communities who met the camp bus at Rumford Point or Hanover last year.

The Gymnastic Camp is limited to 12 gymnasts per session. If the camp is filled and there are 10 gymnasts on a waiting list for each session, a second instructor will be hired and the program expanded. Please register early so no one will be disappointed and proper plans can be made so the extension is smooth and the young people have a real enjoyable experience.

Mr. and Mrs. James Davis and Michael, Winter Harbor, were week end guests of his parents, Mr. and Mrs. Richard Davis.

GOOD CROWD ATTENDS GOP GET TOGETHER SATURDAY

Over 130 Republicans from throughout the County enjoyed their Saturday evening get-together. The potluck buffet dinner was bountiful and met with overwhelming approval.

Particularly vied for, was a handsome Congressional medal paper weight generously donated by Congressman Bill Cohen, who attended with Lewiston Office chief, David Clough.

Following the auction many enjoyed dancing to the Lovejoys music.

Local Republicans plan a meeting in two weeks.

The meeting was opened with President Linda Sharp presiding. Ten members were present, one officer was absent. Linda Sharp gave the treasurer's report in the absence of the regular officer, who has resigned.

Carolyn Brooks gave her report on the April 29 meeting with the Rumford Auxiliary. Anna Small central regional officer from Bangor, was the guest speaker. A delicious meal followed at the new cafeteria at the close of the meeting.

The final report of the "Spring Fling" was given. The quilt is completed and turned over to the President for the Fair Booth in October.

An invitation was read to attend

28 COMPLETE ADVANCED AID & EMERGENCY CARE COURSE

The American Red Cross presented a new "White Book" Advanced First Aid course in 1974, which is designed for specialized personnel. The duration of this course is 52 hours and goes far beyond the training that was previously required from the old "Green Book".

First Aid instructor Bud Howe with the assistance of instructors Arthur Cummings and Arlene Greenleaf covered the material in this new course recently with the following people: Firemen, Harold Carver, David Crockett, Craig Davis, Danny Davis, Arlan Jodrey, Emerson Merrill, Albert Raymond, Burnham Rice, Robert Saunders, Harold

a "tea" in honor of the Volunteers of the Rumford Hospital, Tuesday, May 14, 1:30 at the Eagles' Club. It was reported that a convention will be held at Rockport on June 22, 23, and 24.

A health medic-alert program was discussed. It was felt that at some future meeting a film and speaker could be present. Carolyn Brooks will take care of this event.

It was voted to have a rummage sale, with a food table Friday, May 30 from 1 to 5 p. m. All members are asked to help with the articles and food.

Yarn will be available at Mary Chadbourne's for those who need it. The June meeting will also be at Mary Chadbourne's home.

MRS. ELIZABETH BATES is shown with her daughter, Dawn, when they led Mrs. Kelly's third grade in making butter. The children discussed with their parents and grandparents how the food we

eat has changed since they were children. Dawn's grandmother and mother offered to show how butter is churned by hand. The children then tasted the butter on crackers.

PLEASANT VALLEY GRANGE MAKES GIFT TO TELSTAR LIBRARY

RARY — Mr. and Mrs. Rupert Grover and Mr. and Mrs. John Applin of Pleasant Valley Grange are shown presenting to Mrs. Madeline Gibbs, librarian, two books recently donated by the Grange to the Telstar Library. One of the gift books is "The Lakes of Maine" by Daphne Winslow Merrill. It was published in 1973 by the Courier-Gazette of Rockland, and a quote from its dust jacket reads as follows:

"Maine's myriad lakes and ponds are one of the chief glories of the State and this book, long awaited by residents, vacationers, and researchers alike, is a very

real effort to spearhead further investigation and enjoyment of their beauty and usefulness.

"To culminate years of research and a life-long interest of the author the book assembles for the first time all the facts, legends, personalities, anecdotes, and names old and new of Maine's lovely inland waters."

The second book given the library is "The Grange—1867-1967" by W. L. Robinson. This volume, a definitive history of the Grange, covers the many contributions of the Grange movement to rural America throughout its century of existence. Both books will be valued additions of the library collection and are very much appreciated by all at Telstar.

GILEAD WOMEN FORMING MOTHERS' CLUB — MORE MEMBERS NEEDED

A few interested mothers met last month to attempt to form a Gilead Mothers' Club. This was mainly to see if there was enough interested women in Gilead to get this project going. The main purpose of the club would be to provide some forms of recreation for all Gilead children, as it is now there is nothing for these children to do in their spare time. A couple of things discussed were a winter skating rink and a Halloween party for the children. These and many other things will be discussed when the group meets again.

All Gilead women, mothers, grandmothers, aunts, or any women who care are all urged to attend the next meeting on Tuesday, May 13, at the Gilead Municipal Building at 7:30 in the evening. Anyone who has a couple of hours once a month to get-together with the other women to plan projects for the group is most welcome to join.

Election of officers will be held at this meeting so please try to attend. All the other small towns have Mothers' Clubs, so come on Gilead let's get together for your children's future also for the satisfaction of doing something worthwhile! See you there!

Girls, please bring one piece of fruit each for a sunshine basket. Remember the date.

POPPY DAY IS MAY 17

On Saturday, May 17, all of us will be asked to wear a red memorial poppy. As most of you certainly know, once each year, Americans observe Poppy Days, which are voluntary tributes to our dead and disabled servicemen.

Volunteers who offer the poppies to the public, unlike the disabled veterans, receive nothing tangible for their work. However these workers gain satisfaction from their contribution to a program which honors the war dead while assisting the living. Money dropped into contribution boxes in exchange for poppies goes directly to the welfare activities of the American Legion and American Legion Auxiliary; all funds are used for the aid of disabled veterans, their families, and the families of deceased servicemen.

Understanding the character and purpose of Poppy Day, would any of us wish to ignore this appeal? Consider it a privilege to wear a poppy again this year on Poppy Day.

Bethel Head Start

As Head Start's school year draws to an end, we find ourselves busier than ever. Because of kindergarten registration and the clinic our week last week was quite short. Another clinic this Thursday gave us only three days this week, but they were well used. On Monday the final group of nine were taken by Judy and Louise to Bonema Pottery where they were shown the skillful craft and were able to do their own things with the clay. The results were a variety of beads. Some very lucky mothers are sporting unique necklaces now.

On Tuesday, Mother's day gifts were finished. Sharon was in charge of the class, with assistance from Linda Haegle, Judy and Sandra had meetings in South Paris.

Wednesday, we all left early for the Gray Fish Hatchery. There were so many things to see: bears, deer, birds, woods animals, and of course, FISH! We enjoyed a picnic lunch—buffet style. Each child was allowed to make his own sandwich from a line of fixins.

Our star last week was Melinda Robinson, Albany; Melinda's mother is Yvonne, her father is William. Mindy has a baby sister, Billy Jo. Melinda's favorites are: TV show, Superman; Color, red; food, orange juice; toy, truck; pets, Spot, Blacky, her horse, Buck, her bull, Curley, and her bird, Pretty Boy.

Maurice Bouchard and National Forest Service donated Smokey Bear forest fire kits for the children. Thanks to Norman Stone for delivering them. Also, we had home-made donuts, donated by Mary Cole, Gilead.

As was promised, here's a list of our activities for next week, National Head Start Week: Tuesday, May 13, will be our open house. Come see us, or better yet, come be a sid again, join in the fun.

Wednesday, we're having a parade, watch for us at 10:00.

Thursday evening, there will be a public Policy Council meeting at the Center at 7:00. The Policy Council is policy making body that is responsible for Head Start's rules, regulations, etc. Come see Head Start in action.

Please try to attend one of our functions—support us—support the youngsters of Bethel!

Health Goals of Project Head Start:

1. To improve a child's present function by: A. Finding all existing health defects through: 1. Accumulating records of past health and immunization status; 2. Con-

sidering the observations of classroom teachers and other staff; 3. Performing screening tests, including tuberculin, hemocrit or hemoglobin, urinalysis, vision testing, hearing testing; 4. Interviewing the child and his parents about his current and past health and function; 5. Performing a physical examination as part of a complete health evaluation. B. Remedying any existing defects through: 1. Applying whatever medical or dental treatments are necessary; 2. Arranging for rehabilitative services, special education, and other forms of continuing care.

II. To ensure a child's future health by: A. Providing preventive services including: 1. Immunization against infectious disease; 2. Fluoride treatment to prevent dental decay; 3. Health education for children and parents; 4. Introduction of the child to a physician and dentist that will be responsible for his continuing health care. B. Improving the health of all members of the child's family through: 1. Calling attention to family health needs; 2. Introducing the family to health care services and to sources of funds for these services; C. Improving the health of the community in which the child lives through: 1. Increasing the awareness and concern of professionals, and the general population with the health problems of poor children; 2. Stimulating and providing new resources for health care; 3. Making existing health resources more responsible to the special needs of the poor; 4. Demonstrating new skills, techniques, and patterns of care to health professionals; 5. Acquiring new knowledge through research.

There will be a committee meeting at the church on Tuesday evening, May 13 at 7:00.

Another landmark has gone from West Bethel Village with the remains of the big red barn being burned on Wednesday morning, April 30. The weather was good, as there was very little wind. The Bethel Fire Department was present to keep the fire under control. They have been leveling off the site, so will be an improvement to the village, as the barn had lost its usefulness and was a detriment the last few years.

The Brownies now have their own flag which was donated to them by the Daughters of Veterans. The girls appreciate this very much.

**CHEMISTRY AT TELSTAR**

John Hindman is really wrapped up in his work in Individualized Chemistry. You can see from the expression on his face how much he is enjoying spectroscopy—the science of studying the different colors that chemicals give off when they are heated. Under the hood, John is using a spectroscope to break up the light given off by a tube of glowing hydrogen gas. Now, if he ever sees a tube of glowing hydrogen, he'll recognize it!

— Mrs. Arline Bernier, Corres. —

The school committee met Wednesday evening at the home of Arline Bernier. Mae Goodrum and Jackie Clark attended as guests. Marilyn Brennon was elected as chairwoman. Much of the meeting was informal instruction and discussion giving new members information about school policy from all levels. Some dissatisfaction with the present elementary school education was expressed and possible solutions offered. It is frightening to realize how far we have evolved towards State control. The town has little control over how much or little money it can raise or how these monies will be spent. Many small and large duties and privileges held not many years ago by the separate towns as a group or through their elected committee have been removed. What are you doing Emily to loosen this big fist?

BLOOD PRESSURE SCREENING PROGRAM SCHEDULED

High blood pressure (hypertension) is the major controllable health problem in America today, and a comprehensive national effort is planned during the month of May to focus attention on the seriousness of the problem.

At the local level, the Health Information Forum of the Rumford Community Hospital and Auxiliary will participate by holding an area-wide blood pressure screening program as a free service to the community. It will be the Forum's major project for National Hospital Week and will follow its theme, "A Constant Concern for A Healthy Community."

Sue Laban, Forum representative, announces that a public screening will be held in Bethel next week on Friday, May 16, from 5 p. m. to 7:30 p. m. and on Saturday from 9 a. m. to 11 a. m. and 1 p. m. to 3 p. m. Locations will be announced next week. Committee members assisting Mrs. Laban include: Sue Bartlett, Janet Stowell, Michelle Roy, Nellie Frankevitz and Robert Girard.

Mr. Girard will also be available May 12 through May 16 from 12 noon until 1 p. m. in the barber shop to do blood pressures. He will also be visiting industries in Bethel, Locke Mills and Bryant Pond to do blood pressures during the week.

Persons with high blood pressure will be urged to make an appointment to see their physicians. Literature about high blood pressure will be available.

Detection for high blood pressure is simple, quick and painless and treatment is practical and effective; yet, high blood pressure continues to be the primary cause of 60,000 deaths and a contributing factor in the one and a half million heart attacks and strokes which occur each year. Early detection and treatment can help to
